First of all: whenever you come across unfamiliar terms, look up the Glossary -- Open <www.bigbearpachisloshop.com> and click "[Glossary](#)" in the left column.

Game

You insert three tokens, hit the spin knob, and push the reel stop buttons. This sequence is called a "Game." Let's say, "You may need 20 games to get a Big Bonus" -- This means you need to repeat this sequence 20 times until you win a Big Bonus

3 Bet and 5 Wining Lines

You must put in three tokens or credits (Max Bet) to spin the reels. A max bet gives you five lines to get a winning combination. Five winning lines are:

Winning Combinations and Prizes

Tekken offers two principal prizes -- a bonus round and small prizes. A bonus round divides into a Big Bonus and a Regular Bonus, and small prizes consists of the Watermelon, the Bell, the Cherry, and a Replay. For the details of a Big Bonus and a Regular Bonus, see "[Big and Regular Bonuses](#)" in the section "Pachislo World" on <www.bigbearpachisloshop.com>.

Let's say, you've got  on one of five lines. At this point you win 15 credits and enter a Big Bonus. Likewise, when you have , you get 15 credits and enter a Regular Bonus.  is the Watermelon, paying out 12 credits.  is called "Cherry" -- when you have a cherry on the left reel, you win two credits no matter what symbols you have on the right and middle reels.  is a symbol "Jac."  is a prize "Replay" in normal game mode and a "Jac-in" during a bonus round.

Entering a bonus round, you have extra winning combinations.  means you have  on the left reel and  on the right and middle reels.

How to Win?

Understand you never win a Regular or a Big Bonus out of blue -- you must go through a winning process. That is, you play "Normal Games" first, get a "Winning Sign," and move on to "Stand-by Games" that offer you chances to win a Regular or a Big Bonus. For details, see "[How to Win?](#)" in the section "Pachislo World." Also see "[Winning Signs and Small Prizes](#)" to win small prizes.

Three Stages

Tekken has three play modes according to the three main fighters.

Three Fighters
Before playing, you choose your fighter from the following three characters:

		
Jin Kazama	Ling Xiaoyu	King
Moderate	More actions on the LCD.	Less actions.

Selection is important because each character is related to frequency in "Chance Actions" on the LCD. For example, if you choose Jin, you will see the chance actions more often than when you choose Ling and less often than King.

You pick up your fighter with the Menu Button.
