Help has arrived for your gun problems !!!

The *NEW* Gun Input Protection BD

Sega Part Number 998-0165

Problem: Damage can occur to the LED Bds that surround the monitor as well as other boards in the Gun Circuit when the guns are damaged due to rough play and abuse.

Solution: Install the Type II Gun Protection BD (998-0165) in series between the guns and the IC BD Gun Sense (838-13143-XX). This board isolates spikes that may enter the gun due to static as well as spikes caused by broken wires in the gun harness. The protection bd also protects the game from damage due to 5vdc to gnd shorts in the gun harness.

Works on these games (All models) :

Lost World , House of the Dead 2 , Confidential Mission ,
Brave Firefighter , Maze of the Kings , Virtua Cop 3,
Houe of the Dead 3
